

**Water Quality
Association of
Wisconsin**

**2019
Membership
Directory**

Why Join the WQAW?

The Water Quality Association of Wisconsin (WQAW) is the only trade association representing the water conditioning industry in the State of Wisconsin. Members include retail water conditioning dealers, salt suppliers, and water conditioning equipment manufacturers.

The WQAW is governed by a Board of Directors, which meets to address issues affecting the industry. The WQAW monitors legislation changes, provides continuing education opportunities and informs its members of news and issues affecting the water quality improvement industry.

The WQAW has been and always will be an association committed to the consumer. From its inception, the Board of Directors, all of whom are volunteers, have promoted the products and services of their members without hesitation.

The Board must approve each current member and any member applying for membership must demonstrate a genuine commitment to quality, fair pricing, ongoing product testing, certification and licensing.

For that reason, the WQAW Board of Directors strongly recommends that any parties seeking an alternative or recommendation for any water quality issue look exclusively to one of our members, whom can be conveniently found in this directory or on our website www.wqaw.com.
